Sweetheart Mix

- Hardy perennial – sow direct outside
- Flowers year after year
- Bright, showy colours

Sow Plant out Flowers

Year 1												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 2												

SOWING AND GROWING
Plant the small corms direct into finely raked soil where the plants are to flower in spring, early summer or autumn. Incorporation of a general fertilizer will enhance the flowering display. Space the corms 7.5cm (3") apart at a depth of 5cm (2"). Choose a planting position in sun or partial shade (Germination 30-150 days).

HELPFUL HINT
Anemones provide colour at a dull time in the garden.

Quality Control: This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
