Field Cornflower *Centaurea cyanus* ✂

One of the best loved wild flowers

■ Sow
 ■ Plant out
 ■ Flower/Harvest

Year 1												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 2												

SOWING/GROWING Sow directly into the open ground where intended to flower at a depth of about 13mm (½") from March to May raking the seed in lightly. When seedlings emerge, thin out to about 15cm (6") apart. Alternatively, sow during August or September for early flowering the following year. Does well in an open sunny position on most types of soil.

HEIGHT APPROX. 75cm (2½') **HARDY ANNUAL** Sow direct outside

Suttons will donate 5p to the RSPB for every packet sold

REGISTERED CHARITY NO: 207076

Quality Control: This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.

Seed from cultivated stock
SUTTONS SEEDS
TORBAY, ENGLAND

The wildflower seeds in this packet are of native British origin.
