**SOWING AND GROWING**  
Sow thinly into pots or trays of quality moist compost, covering seed lightly with compost. Place on a sunny windowsill and maintain moisture. Harvest by 'tipping' when the leaves are 12-15cm (5-6") tall. Sow little and often for tasty young leaves. Alternatively sow in outdoor container or border soil.

**SPEEDY VEG** Ready to eat in just **4-5** weeks

**Quality Control:** This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
